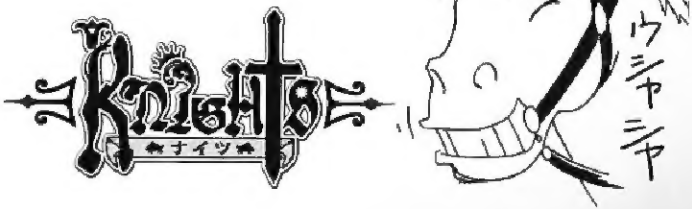
Chapter 11: Determination



Knights
ナイツ
ハシャシャ

Semifinals,
Bout two.

ヒュン
It seems to be the Black Knight's victory form, doesn't it?
He's using the same technique as in the first match.
There it is!!

Schwerlich
Hau !!

I hardly think there are any here present who can triumph against the Black Knight's Älter-Ritterlich Kunst.
オオ!!
Yes!!
グッ
Looking good, Black Knight!!
You're the Greatest!
Great!
This from the guy who lost in the first round!
Except for me, of course!
ギリ

Mist
...?
.....
.....

Ability like that is exactly why you're my slave.
Superb!
Who knows? she just showed up and started randomly going on about slaves.
Who the heck is this kid?
Mist
She wasn't even a little surprised when she saw me, either. I don't get it.
.....
.....
Who the hell are you calling a slave?
That kind of speech is disrespectful coming from a slave!!!
.....
スッ
Young Duchess Gicrete.
It is an honor to meet you for the first time.

She's from royalty?!
EEEH?
えっへん!
The Hausmeinin family are high nobility who govern Valia Province.
Correct.
やれやれですわ
You guys certainly are dull.
Finally realized, have you?
Control your mouth, you ignorant commoner!
And a pretty arrogant brat, at that.
Wow, and to think she's just a bratty kid..
I'm different, though.
By nature, she is of such high class that you shouldn't even be permitted to address her.

What brings you to the Royal Capital?
Lady Gicrete
A noble's daughter ...
...
In order to find a slave who is worthy of my possession!!
ムムム!
Very well.
コホン
Do you wish to know?
With father's permission, I've been travelling to various places
Having turned eleven, I'm now of the proper age to own a slave.
Why you weren't shocked by seeing the Black Knight.
I understand.
So, that's it...
I see ...

!
And, because Valia is located at the southern-most tip of Exclude, it's not surprising that they would know of people with black skin.
There are seafaring countries, far to the south, where I've heard that people with dark skin are bought and sold.
Valia
For the inland areas of Exclude, understandably almost none of the citizens are aware of this, but...
We don't have any dark-skinned slaves in my household.
...but I've heard the stories.
Heh~
I've travelled to that country, myself.
The women of the southern cities... were very nice.
Well, I'm not from Exclude, originally.
I didn't realize you were so knowledgeable, Leo...

SFX: Getting Angry
A race close to monkeys.
They have tough bodies, but compared to us 'people', they are lower in intelligence.
What a delightful monkey you must be!
Furthermore, to play make-believe that you're a Kn.ght...
But with strict discipline, they can become very useful workers.
SFX: Getting Angrier
-the hell?!!
A rich man's theory.
That seems like an appropriate price.
No, I'd not regret paying even a sum of three war horses!
For that one I'd pay a sum of two war horses!
Three war horses...
Black Knight, I'm coming in...

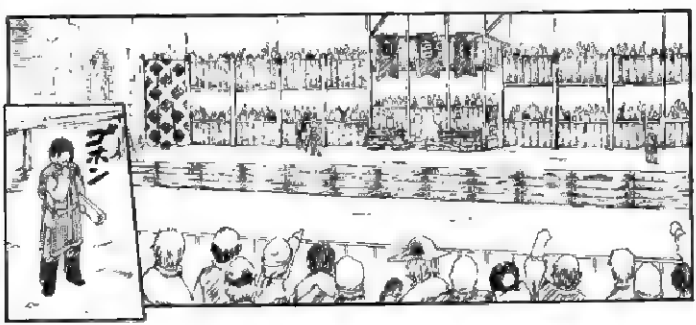
Lady Gicrete!
Don't think you can just say whatever you feel like, you little brat!!
Release your hands!! This is my slave!
I've been searching for you, let's return.
I don't wanna go! I'll make you my slave!! I swear I'm gonna!!
What just happened ...?
Wha-!!
They were unsightly battles.
I was watching your first and second matches.
Black Knight.

In jousting, there are customs to adhere to.
Matches with clever little sword tricks don't deserve to be called a Knight's battle.
What was that?!
I'll say it again. Those buffoonish antics make an unsightly battle.
..sh.. shut up.
Don't make a big deal out of nothing!
As long as you win, it doesn't matter!

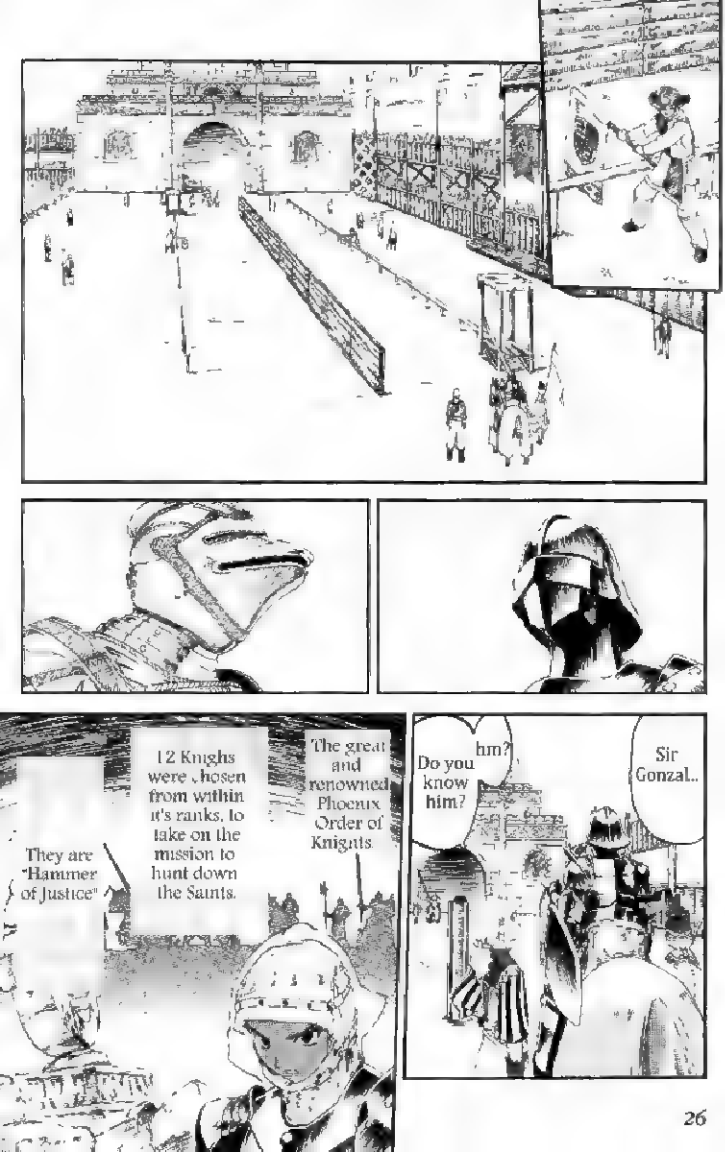
Mist
I need to have a word with the Black Knight
Please leave us, you two

I just have a feeling, that's all...
Yeah ...
It didn't seem that way to me, but...
The Black Knight is?
Getting arrogant?
Hasn't he simply gained confidence?
And even if you're right, it's just something that comes with victory
Aren't you just thinking too much?
If that's all it is, then it's fine, but....
Confidence .. You think so?
If that's all it is, ...

...then, what's this ominous feeling?



ゴボン



Sir Gonzal..
hm?
Do you know him?
The great and renowned Phoenix Order of Knights
12 Knights were chosen from within it's ranks, to take on the mission to hunt down the Saints.
They are "Hammer of Justice"

Hammer of Justice, Gonzal!!
And, Sir Gonzal is one of them.
Then... that means he's one of your allies!
Hammer of Justice ??
Don't worry, Euphemia.
This is the first time I've met him.
He looks pretty tough.

I'm gonna win this!
Wha-?
Why doesn't he break it?
Why?
He should have broken his lance by now...
huh?
...strange

What?!
!!
How could there be that much damage from a glancing blow?!
That lance ...
It can't be...

so you noticed, huh?
heh heh heh.
That's not a tournament lance!!
It's no different than those used on the field of battle
This lance was specially constructed from hardwood
...your comrade?!
Are you trying to kill the Black Knight
Mist!!
.....
...It looks pretty bad
What is the meaning of this, Sir Gonzal!?
"comrade" ?!

ナオナオ
!!
!!
He isn't nobility ... he isn't even human !!
I have absolutely no intention of being any comrade of his!

If I'm seen standing side by side with filth like him, my own stature will suffer!
....he's...
serious...
gh..
Black Knight, at this rate, you'll be killed!

Break your lance!
Black Knight

Even using these tournament lances, there have been deaths in jousting.
You must face that fear, and charge into it.
Singlemindedly and unwaveringly
Unwavering will must be met with an unwavering response.
Understand?!

Is a battle to test a knight's courage !!
The jousting tournament ...
ゥ
ン
Class is an obstacle that you will never overcome!
ドドドドドド!!

Someone as low-born as you will never be able to defeat me!
ドド
Hurry and break your lance!
What are you doing?!

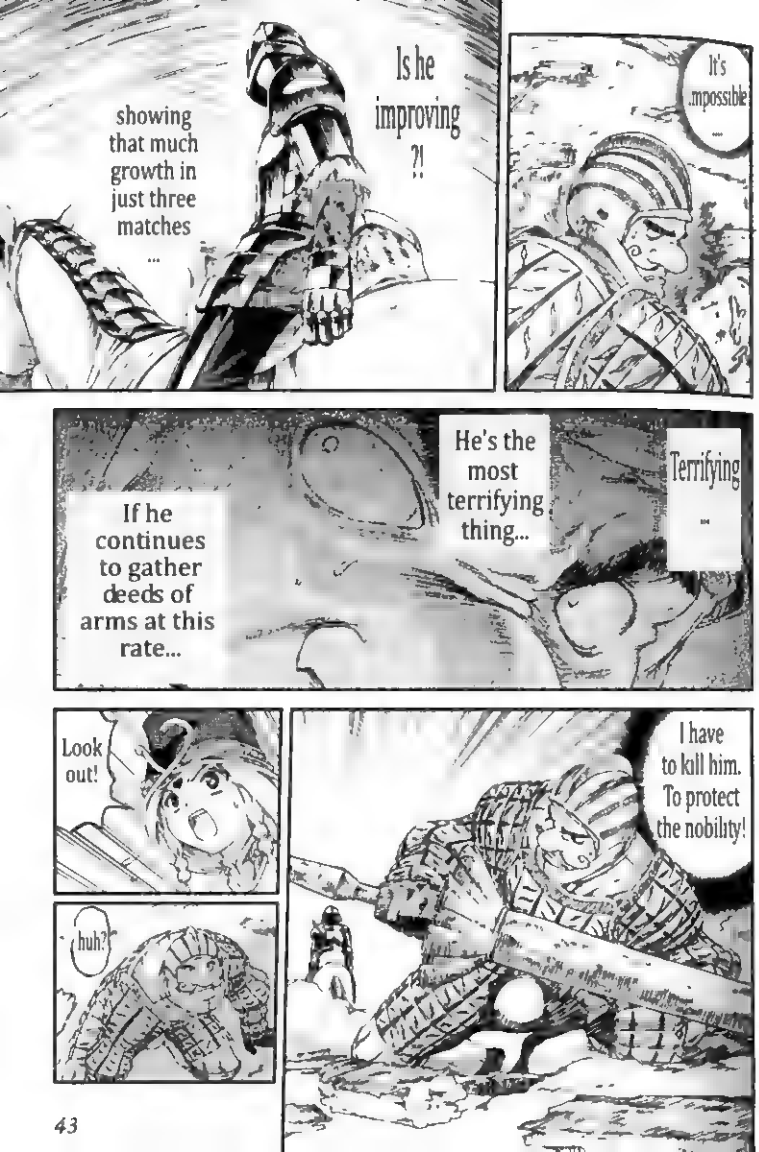
ヒヒン

I'm going to become ...
Mist?!
A Knight !!!

ガ!!
ズシャッ
A Knight's Lance!
He did it ...
.....
That is what we call ...
How could he manage an accurate strike to my face? ...
Whatever his skill with a sword may be, he is inexperienced with lances and mounted combat
..im... possible ...
..ghh..



showing that much growth in just three matches ...
Is he improving ?!
It's impossible ...
If he continues to gather deeds of arms at this rate...
He's the most terrifying thing...
Terrifying ...
Look out!
huh?
I have to kill him. To protect the nobility!

It seems your anxiety was unfounded.
Aren't you glad, Lady Euphemia?

Notes on Chapter 11

Romanizing the German in this chapter gave me more trouble than usual. The attack, "Schwerlich Hau" Was subtitled in Japanese to mean "horizontal strike," but I couldn't find a word for 'horizontal' or 'sideways' that matched the german reading given. So, we ended up with "Heavily/gravely strike," in order to match it phonetically. I apologize if it's painfully wrong, but I really don't knowany German.

Alter-Ritterlich Kunst is subtitled in Japanese as "Old Knightly Arts"

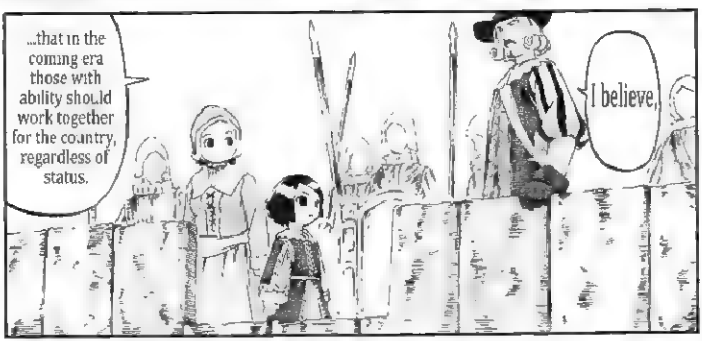
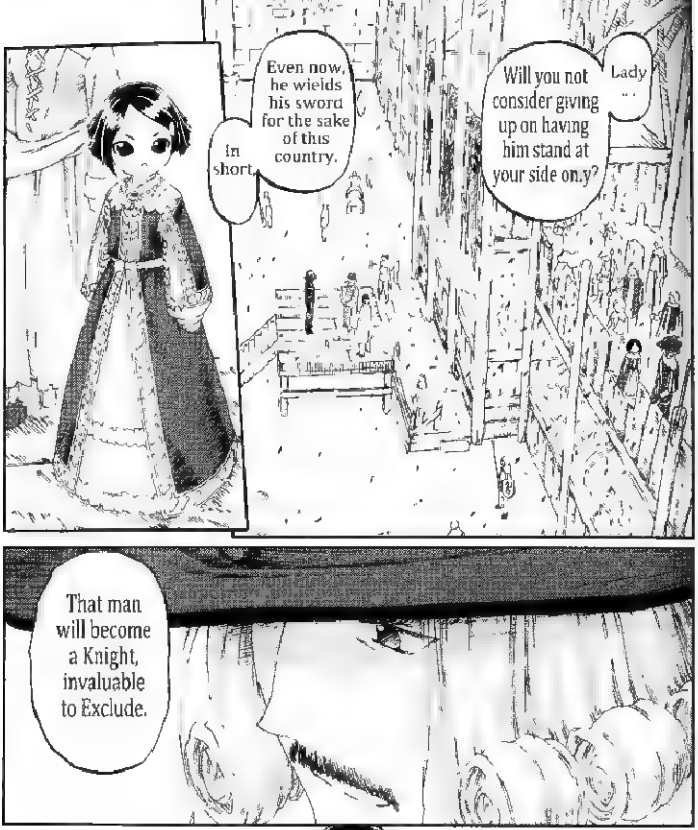
He's had to suffer from persecutions of many kinds ...
Have you come to understand?

He possesses ability that is truly worthy of Knighthood!



...that in the coming era those with ability should work together for the country, regardless of status.
I believe,



Lady ...
Will you not consider giving up on having him stand at your side only?
Even now, he wields his sword for the sake of this country.
In short,

That man will become a Knight, invaluable to Exclude.

Miss Euphemia, it seems like your premonition was accurate.

I'm the only one who accepts you completely, Mist.
I've got a good feeling.
Valia is completely different, though!
Because, we treat our domestic property really well.
She's smiling ...?
Those people were awfully cold to you, weren't they?
Really now!
huh?
Damn brat... when did we get here?
In the end, you'll be happiest as my slave.

'the happiest,' huh?
It seems for now at least,
She's mostly just worried about him
Just like the high nobility, though Such an arrogant way of showing it
I believe I saw your retainer around, I'll take you to her.

Notes on Chapter 12

Page 31 has Mist saying his name, but the pronunciation/meaning were flipped from their usual positions in the print, emphasizing the meaning of the name, over the pronunciation this time, so I decided to go with that.

Sorry about yet another late chapter. I'll eventually get my act together.

Do you not know?

We should praise that knight for drawing it out of her.

It seems she has returned to the way she was...
A sword of kindness, without an edge.
In the past, she destroyed countless heretics with it.
Such that there were none among the Holy Order of Knights who had not heard of the tale.
Holy Lady of Kindness, Anise.

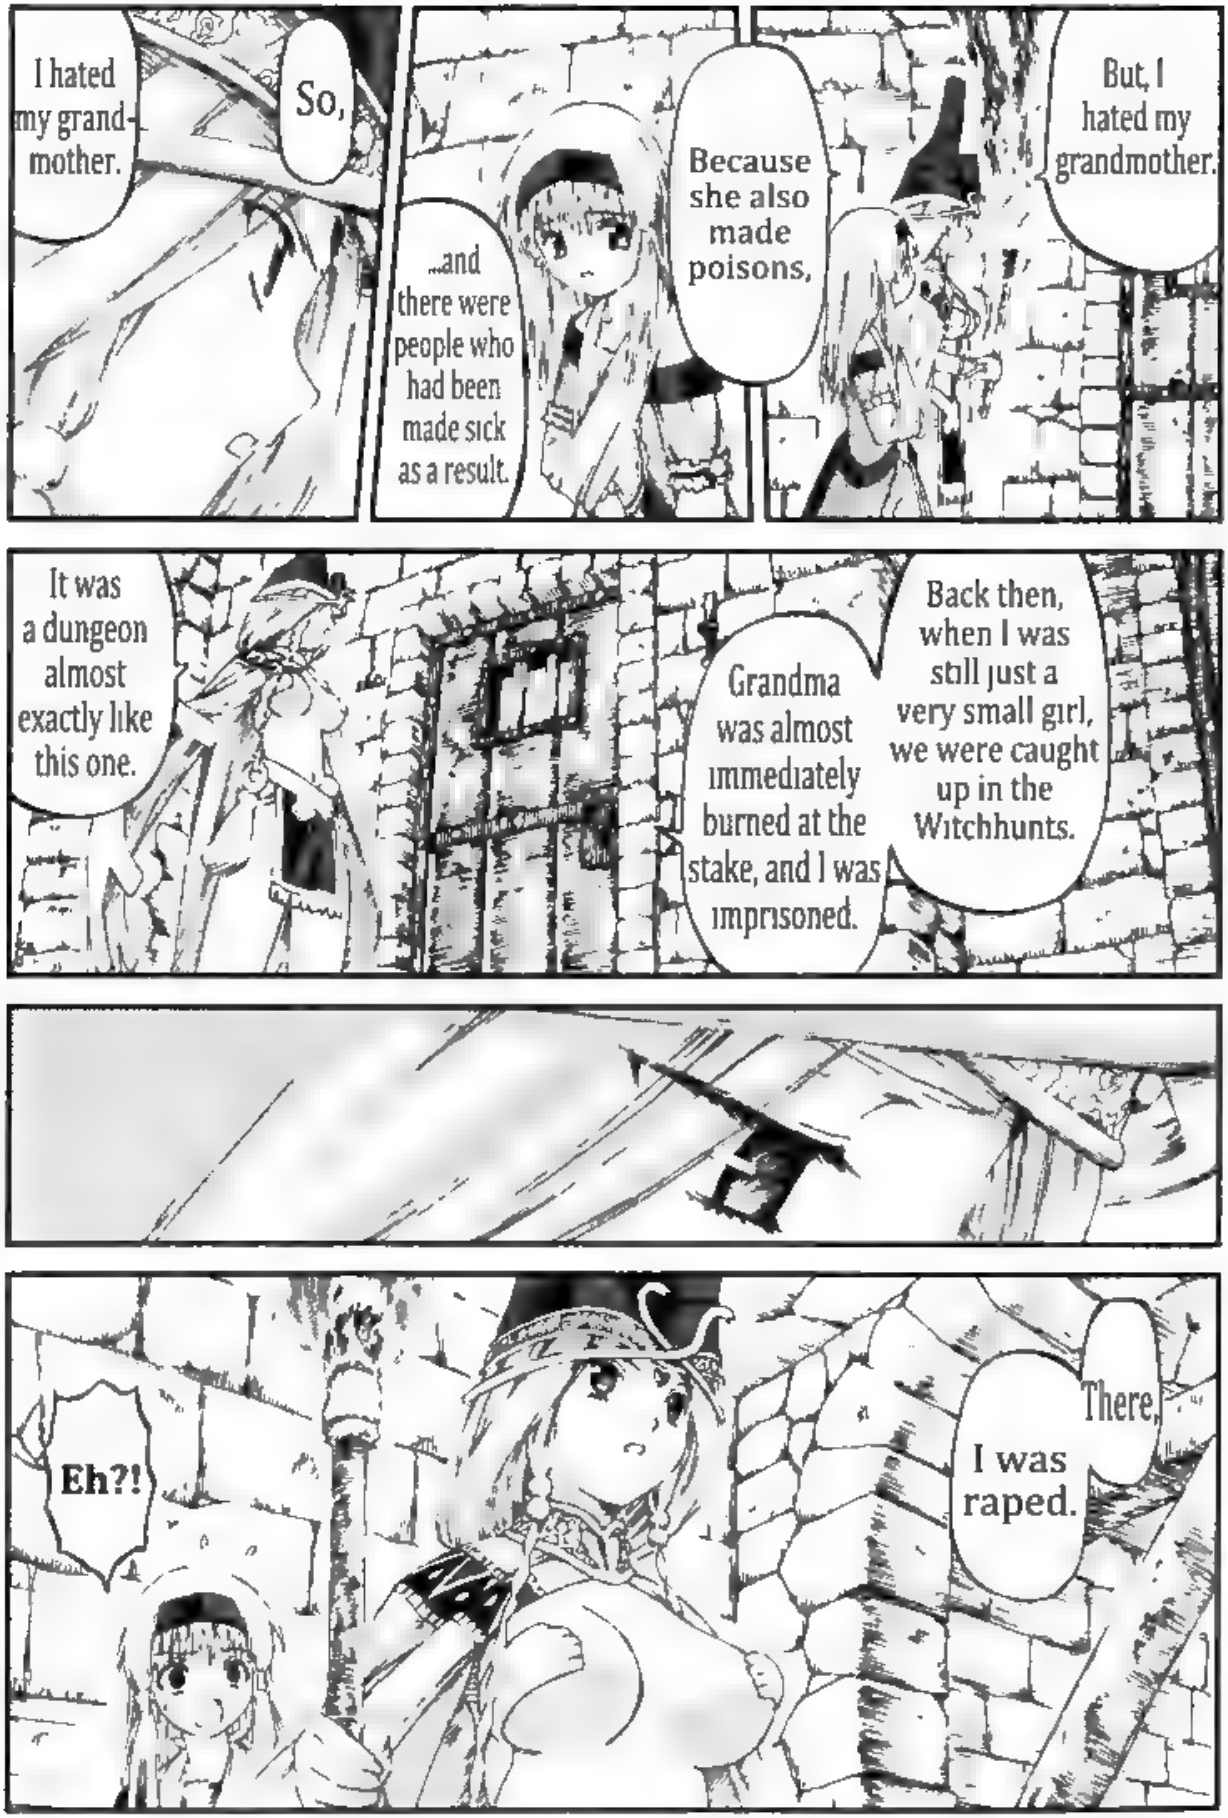
At this point, what else is there to see?
You know
ツッ コッ コッ コッ
I was taught the use of medicinal herbs by my grandmother.
Grandma was called "The Wisewoman of the Forest." She would heal the villagers when they got sick.



I hated my grandmother.
So,
...and there were people who had been made sick as a result.
Because she also made poisons,
But, I hated my grandmother.
It was a dungeon almost exactly like this one.
Grandma was almost immediately burned at the stake, and I was imprisoned.
Back then, when I was still just a very small girl, we were caught up in the Witchhunts.
Eh?!
There, I was raped.

!?
ブルブル
It's not a rare thing. Stories like mine happen all the time.
I was... impure... tainted all the way through, and I began to despise my own existence.
That's when I met him.
In the darkness that surrounded me, I stopped being able to understand what meaning life had, and I turned towards thoughts of death

...you're still alive.
Thank goodness ...
Those were shocking words.
That there was actua.ly somebody
Who cared about the life of someone as impure as me....

Ha ha ha!
Well, and after that, I had another shock when I saw Mist's face!
If I had never lived through the days in that dungeon, I never would have realized it.
If those years hadn't existed, I couldn't have understood.
That's what you meant by 'something precious' ...
I see ....
Living ...
The preciousness...
...of life....
Mist's words made me remember ....
What a corny line!
Geez, will you just listen to this girl?

There are places in their hearts that have been tainted.
They love their families and hate their neighbors at the same time.
Euphemia, people are mysterious creatures.
It's what it means to live.
It's what makes us human.
We all have both good and bad within our hearts.
But, because of those bad places, we are able to recognize the good in their hearts as well.
That's why I became "The Witch of Secrets" ....
Remember, to love all life.
Witches are not only good or only evil.
So listen, Euphemia
To fight for all the tainted people in this world.

And now, I really enjoy it;
Sex, I mean. ♡
...and this body forged in that dungeon.
With the knowledge of medicina. herbs inherited from my grand-mother.

I can't start crying now!

Notes on Chapter 14

So, I had been calling 'Seinaru-mono e no Tsuchi,' "Hammer of Justice," because I couldn'd find a way to state "Saint-Smiting-Hammer" in a way that sounded quite right as the name of an organization. I gather from some of your emails that perhaps it would be preferred to call them by another name, and since I have no strong feelings either way (and can't think of something I'm happy with), I'm going to call them "Hammer of Holy Men," from now on, since that's what the official english manga (Digital Manga Publishing, please buy it!), has called them.

Only one more chapter to go in Volume 3.

So, you've realized it too?
Sir Wilhelm
Seeing the Black Knight's sword since just a short while ago

The Old Knightly Arts were techniques which excelled at destructive power.
But, if you were to add speed to that great power
It would surely become the most formidable style!!

Notes on Chapter 15

Presented By
Minoru Murao

I don't speak Italian or German. I just transliterate the Japanese, and try to use the correct spelling for the romanization. Yeah, so basically, [sic] as far as the attack names are concerned.

Anyway, here're the Japanese subtitles on the German and Italian attack names.

Rauschen – "Rumbling Sword"
Porto di Ferro Mezzana-"Iron-Fortress(-like) Middle Guard Position"
Meister Hau Drei Wunder- "Master Sword Triple Surprise Attack"

This was the final Chapter in Volume 3
